TO: Commander  
3084th Aviation Depot Group  
Westover Air Force Base  
Massachusetts

1. Reference is made to letter your Headquarters, subject: "Critical Airmen Shortages" and inclosure thereto. This Headquarters has allocated ninety-four (94) airmen to your Command to fill existing vacancies resulting from the non-receipt of all personnel scheduled for arrival from 1091st Special Reporting Squadron upon activation of the 3084th Aviation Depot Group and the increased authorizations effective in October 1954.

2. This Headquarters is endeavoring to provide 100% manning in priority I units of this Command; however, due to the critical shortages in the following career fields, Command and Air Force wide, 100% manning in these AFSC's cannot be achieved at this time:

<u>Career Field</u>	<u>Command Manning</u>
292XX	55%
293XX	55%
566XX	63%
702XX	70%
73231/51	81%
73230/50	88%

Airmen in the above career fields will be proportionately allocated to your Command and other aviation depot groups of the Command as they are made available from Air Force pipeline sources.
