SUBJECT: Loan of Maintenance Personnel

TO: Commander  
3084th Aviation Depot Group  
Stony Brook Air Force Station  
Westover Air Force Base, Mass.

1. The successful completion of the loading of weapons aboard aircraft, scheduled during operation "Squeeze Play", will require maximum utilization of all available MA-1-A Mobile Lifts.

2. It is expected that keeping all four (4) of these lifts operational during the period of the maneuver will present a considerable maintenance problem. Maintenance personnel, experienced in MA-1-A Mobile Lift maintenance, are not available to the 4050th Air Refueling Wing.

3. It is requested that the services of Staff Sergeants Ronald D. Sprayberry and Hubert W. Asberry be made available to the Munitions Branch, 4050th Supply Squadron for the period of this Maneuver.
